Courses Hide/Unhide

Sometimes your current courses will be missing from the My Courses module. It is possible older courses will be displayed that you will want to remove. You can either hide or show classes in Blackboard.

1. Click on the cog in the upper right hand corner of My Courses.

2. From this list, you will see the courses you are currently enrolled in and courses you have taken in the past. To Hide a course, remove the checkmark. To Show a course, place a checkmark in the box.

3. Click Submit.
